

Dental Insurance

United Zion offers three dental plans through MetLife. The plans allow you to use in-network or out-of-network benefits. If out-of-network dentists are used, you will be responsible to pay the difference between MetLife's allowed amount and what the dentist may charge, also known as "balance billing."

You will not receive an ID card from MetLife. When you visit a dental provider, let them know our group number which is **5344306** and our plan network is PDP.
